

Ethical Donations Policy

The Great Barrier Reef Foundation encourages donations from individuals, foundations and companies. Donations may be in the form of money, property or other assets or in-kind services.

The Foundation will accept donations if:

- a) The donation is consistent, in fact and appearance, with its activities, policies, mission, goals and programs; and
- b) The donation is not linked to a requirement for the Foundation to endorse any products, policies or services that might be interpreted as a constraint.

Where a donor wishes to make a contribution with constraints the Board must approve the project and constraints.

The Foundation has the absolute discretion not to accept donations which may impair, in any way, its reputation or its capacity to carry out its mission and vision.
